we will have hand sanitizers and wipes available and table will be wiped down prior to your attendance. Bring your own refreshments (I.e., coffee, breakfast item) If you should be not feeling well or have a fever, please do not attend ... but please advise us (if you've signed up) that you will not be attending.

What You will Learn: How to draw a simple line drawing; using the same pen, you will use either hatching, cross-hatching, pointillism, and different designs to produce various shapes and shadows within the painting to develop shape and volume. After you will develop a color scheme for your landscape (again, one of your own or one we do together) ... this is designed to be fun and a release from being closed up for this long period of time. You do not have to have the skill to draw using this method, step-by-step process will be shown. We won't be tracing, so don't get nervous.

Supply List (for students to bring):

- #6 round watercolor brush
- Beginner set of watercolors (most likely just the primary colors ... Red, Blue, Yellow)
- Watercolor paper 140lb Cold Press
- Pigma Micron Pen or Faber Castell Pitt Pen #3 or #5
- Drawing Board (to adhere paper to)
- Masking Tape

We can provide a brush, some paint, and a simple mat board for you to use as a drawing board if you do not have these items. The Pigma Micron Pen (or Faber Castell Pen) and Paper is a must to be provided by you (Strathmore Cold Press 140# is fine for this class). Also, you might want to bring a simple landscape of your choosing, otherwise we will be rendering the one seen on here. The method we use can be applied for any drawing/painting.
